

Jordan Rivera

Staff Product Designer | Design Systems & 0->1 | B2B SaaS

jordan.rivera@example.com | (512) 555-0147 | Austin, TX (remote-first / hybrid-OK) | <https://example.com/jordanrivera>

SUMMARY

Senior Product Designer, 10 years across fintech, marketplace, and agency work, specializing in building a design system at scale and 0->1 (zero-to-one) product design. Built a 120-component tokenized system adopted by 5 teams (~32% adoption lift) and cut design QA rework roughly in half. Accessibility-first IC who pairs through implementation, targeting Staff design-systems ownership.

EXPERIENCE

Senior Product Designer, Beacon Financial

Mar 2021 – Present

Austin, TX (remote)

- Built Beacon's design system from scratch, 120 tokenized Figma components + a Storybook library, adopted by 5 product teams and lifting new-feature adoption ~32%.
- Brought the library to WCAG 2.1 AA and drove a design-engineering partnership through implementation, cutting spec-drift defects ~44%.
- Established design-system governance and a contribution model, consolidating 40+ ad-hoc patterns so teams extend the system instead of forking it.
- Redesigned the B2B partner dashboard from funnel and survey data, lifting product NPS from 22 to 41. Mentors 3–4 designers and runs design crits.

Product Designer, Atlas Mobility

Jun 2018 – Feb 2021

Austin, TX (hybrid)

- Designed the driver-onboarding flow 0->1 (research through ship), cutting first-week drop-off from 41% to 24% across ~40k monthly signups.
- Ran 130+ moderated usability sessions over three years to steer marketplace roadmap decisions.

UX Designer, Verdant Labs

Jul 2016 – May 2018

Austin, TX

- Delivered 0->1 designs for 7 agency client engagements across SaaS, retail, and healthcare, and a retail self-checkout concept shipped to pilot.

PROJECTS

Beacon Design System

2021 – Present

Design-systems owner 120 components, tokens, Storybook, WCAG 2.1 AA; ~32% adoption lift on adopting teams.

SKILLS

Design systems | Design tokens | Component libraries | Figma | Storybook | 0->1 product design | Accessibility (WCAG 2.1 AA) | Design-engineering collaboration | Interaction design | Prototyping | User research | Data-informed design
